SUBJECT: Distribution of [REDACTED] 25X1X7

25X1X7

25X1X7

1. Under present arrangements, [REDACTED] forwards to [REDACTED] 25X1A9a office 150 copies of each [REDACTED] or portion thereof, published. This mass is dispatched to Washington by sea-pouch, making delivery quite slow. As a result, our Services representatives in [REDACTED] have received complaints 25X1X7 from Washington and have asked if I can obtain a single copy for each of them for air-pouch.

2. The problem has been discussed with [REDACTED] of the Director's 25X1C8c Office. He has no objection to releasing copies direct as suggested but states that CIA Washington approval is required since, by mutual agreement, [REDACTED] 25X1X7 is the focal point for release of the NIS to [REDACTED] as is CIA the 25X1X7 focal point for release of the [REDACTED] to the Americans. 25X1X7

3. Therefore, authorization is requested to permit [REDACTED] to release 25X1X7 to the representatives of Army, Navy, Air, and ORR, one copy each of the [REDACTED] published so that we may expedite their receipt in Washington. If authority is granted, no change need be made in the present allocation of 150 copies or in the standard distribution established in Washington.
